📄 PROFILE SUMMARY

Motivated MSc Geology student with hands-on experience in scientific research, mineral exploration, and academic projects. Experienced in online remote tasks such as AI evaluation, data handling, and document processing. Demonstrates strong communication, accuracy, and digital literacy across both field-based and online environments. Eager to contribute to global remote companies like Invisible Technologies, Scale AI, or TELUS International with full-time commitment.

📄 EXPERIENCE

Internship – Hutti Gold Mines Company Ltd

Dec 2024 – Jan 2025

- Performed mineral resource evaluation and geological exploration tasks.
- Gained expertise in sample logging, reporting, and analysis.
- Collaborated on geological documentation and interpreted deposit models.

Project – Nano Fibre Composite & Property Evaluation

Nov 2023 – May 2024

- Conducted lab-based testing of nano-fiber composites.
- Compiled scientific reports on structural, chemical, and physical characteristics.

Workshop – Hydrocarbon Exploration & Career Opportunities in Oil & Gas

Jun 2024

- Gained insights into petroleum geology, remote sensing, and exploration career paths.

Freelance Remote Work (Ongoing)

- Created professional resumes, formatted PDFs, and entered product data into Excel.
- Participated in mock AI testing, English rating tasks, and chatbot evaluations.
- Assisted in Wikipedia draft editing and client communication.

📄 EDUCATION

Master of Science (MSc) in Geology – Central University of Karnataka

Sep 2024 – May 2026

- Focus: Advanced Earth Science & Sustainable Practices
- Thesis: Innovations in Sustainable Rock and Earth Practices

Bachelor of Science in Geology – Central University of Karnataka

Oct 2021 – May 2024

- Emphasis: Structural geology, rock mechanics, and geochemical methods

📄 TECHNICAL & DIGITAL SKILLS

- AI Evaluation & Prompt Rating
- Data Entry, Excel, Google Sheets
- ChatGPT, PDF Conversion, Document Structuring

- ArcGIS, Remote Sensing, Datamine
- Fast Typing, Proofreading, Formatting

📄 LANGUAGES

- English (Fluent) | Hindi | Kannada

📄 CERTIFICATIONS & AWARDS

- Geology Award for Nano Fibre Composite Innovation
- Certified: Oil & Gas Career Exploration Workshop
- Certificate in Content Writing & PDF Editing (Freelance projects)

✔️ OTHER KEY HIGHLIGHTS

- Participated in placement drives, peer tutoring, and academic seminars
- Active contributor in Telegram study groups and Google Form surveys
- Available for full-time or flexible shift-based remote projects globally
